CINCINNATI'S DUDE HIPPOPOTAMUS SNUB-RED BY HIS BETROTHED.

He Confided to Her the Latest West News and Smiled a Three-Foot Smile-Miss hurphy Tried to Bite Him-A Light Brenkfast of Forty Pounds of Hay with Bucketful of Turnips and one of Bran.

Amid the roaring of lions, the howis of tigers and the bark of the coyotes. Caliph, the Cincinnati \$5,000 dude hippopotamus, arrived at Central Park yesterday afternoon.

Owing to his immense proportions he was placed in the large cage usually occupied by Miss Murphy," while she was compelled to occupy a smaller one adjoining.

Caliph spent the greater part of the night entertaining his betrothed with the latest Cincinnati gossip, and the two were on a nost friendly footing until this morning, when Miss Murphy's tank was filled with water and Caliph was permitted to bathe his huge body in her bath. This usurpation of her rights angered Miss Murphy, and-sad to confess—she made great efforts to bite her sweetheart whenever he thrust his head above water for an affectionate kiss. Luckly Miss Murphy cannot bite very hard, as after a siege of toothache last winter her keeper, George Williams, was compelled to pull out three of her teeth.

compelled to pull out three of her teeth.

After a light breakfast, consisting of forty pounds of hay, a bucketful of turnips and a like quantity of bran, Caliph once more submerged himself in the water, raising his head occasionally to cast a three-foot smile at Miss Murphy, who received his addresses sulkily.

Mr. S. A. Stephens, the Superintendent of the Cincinnati Zoological Garden, who accompanied Caliph in his journey, ventured his opinion that Miss Murphy would be the boas when they were wed and that Caliph would have to bend to her will.

It will be another sad instance of woman's tyranny should this prove true, that Caliph,

tyranny should this prove true, that Caliph, notwithstanding his superiority in age and size, should be subjected to the dictation of

size, should be subjected to the dictation of his smaller helpmeet.

A large tank is being constructed in the inclosure formerly occupied by the elephants, in which the couple will disport themselves during the coming summer and throw water in each others faces, and behave generally like any other engaged pair at a seaside resort. The tank will measure 35x30 and will be brick lined to a depth of six feet.

An incident occurred during Caliph's arrival which, but for the timely intervention of Pete Shannon, night have resulted seriously. In descending the small hill lesding from the Arsenal to Fifth avenue, a piece of stout joist was placed between the spokes of the hind wheels of the truck on which was placed the box containing the hippopotamus.

The weight of the animal proved too much for the joist to stand and it parted with a loud crack.

loud crack.

The heavily-loaded truck was forcing the horses down the bill, gaining additional impetus with each foot, when Shannon placed a block under the hind wheel.

The first attempt was unsuccessful, for the wheel glided easily over the obstruction, and the truck continued its downward career. The second time, however, the block held, and the truck was brought to a standstill.

But for Shannon's timely interference Caliph might have made his entrance to the Park with more force than grace.

"Fire Heroes; or the Roll of Merit." Charles O. Shay, Chief of the Fire Depart. ment, will have a story in THE EVENING WORLD of Monday next entitled " Fire Heroes; or the Roll of Merit." This is the first of a series of stories by the Chiefs of the Department, and will equal the interesting articles by the Police Capains and police officials, which have been strong eatures in THE ENENING WORLD.

Justice Kilbreth Te-Day Grants an Order to Have Eight Brought to Court. The friends of Luther R. Marsh are jubilant over the victory over Ann O'Delia obtained in the Sessions Court yesterday.

Mr. Marsh's testimony as to the circumstances ander which the spirit portrait of himself was foisted upon him, though given designedly for Mime. Disa Becar's benefit will, so Howe and Hummel confidently predict, assure her conviction.

The ample Ann O'Della, who still languishes in her dungeon, said to-day that she was preparing to go on the stand at Tuesday's examination. She will have Luther Colby and other of her Spiritualistic patrons there to testify in her behalf.

In the course of a boastful statement as to prominent people who attended her seances, Mme. Disa Debar mentioned the name of ex-Senator J. G. Boyd, her principal counsel. She said:

"Senator Boyd often had sittings at my bouse and he knows of my power to produce spirit communications. He had such faith in me that he sent his friends to test my wonderful power."

Dr. Lawrence and his son, on their release from the Tomia last evening, did not return to the Marsh maneion. The servant there said they were at their own home, 49 West Thirty-first street.

Mr. Hummel obtained an order from Judge Kilbreth to-day to take from Mr. Marsh's bouse eight of the alleged spirit pictures, to be produced at Tuesday's hearing. under which the spirit portrait of himself was

MEDFORD, Mass., April 2. —Mrs. Lottle A. James,

Menyond, Mass., April 2.—Mrs. Lottle A. James, of West Medford, gave birth to a female child has night. She was attended by her mother, Mrs. Conner, who is a believer and practitioner in the cure of disease by prayer.

Mrs. James soon died, as also did the child, Mr. James was away from home on business, and it appears no physician or midwife, other than Mrs. Conner and another woman scientist, were called until both woman and child were dead;

Dr J. L. Coffin was then summoned, and after a hurried examination called in the District Medical Examiner, Dr. Durreil, who decided that an autopay was necessary. Examiner, Dr. Duffen, who decided that an autopay was necessary.

It is probable that Dr. Durrell will institute legal proceedings against Mrs. Conner and her assistant.

There is considerable excitement over the case, owing to the fact that a number of people have been under the treatment of the practitioners.

Life is full of mistakes.

Millions of people die because they don't know enough to live.

In some cases they are not responsible for this ignorance.

In others they are.

If you, Reader, don't PICK UP HETTER this Spring than you did last Spring, you libe Dead within a twelvemonth.

You can't possibly "pick up" if your blood is full of Uric Acid. This is the deadliest poisons, and causes Apoplexy, Pneumonia, Consumption, Rheumatism, Bright's Disease, anyulsions.

It produces all these effects in the system because the kidneys are inactive, and yet KID-NEY DISEASE IS PAINLESS LOCALLY. It is only known by the effects it produces, by the Uric Acid, in other parts of the system. By and by you break down and are ALL GONE. The only way to remove this great threat to life is to restore the kidneys to healthy activity at once, and this you can only do by abundant, timely use—especially in the Spring of the year—of the only specific.

D. C. BURNS,

In 1884 I was laid up with Inflammatery Rheumatiem, prostrated from a week to ten days at first. My limbs were greatly awellen and I suffered pains so excruciating that it was impossible to sleep. I had the first attack in the fail and the second attack in the winter, and then the following spring had another. Each time it came on like a stroke of lightning. I would go home and be laid up in the morning. I went through the summer of 1885 all right, but the following fall, about September, I was again prostrated. I had been treated by the beat physicians; waile obtaining temporary relief, there was no cure. Having taken 30 bottles of Warner's Safe Cure and Fills I felt completely well, better than I had in years. My physician said that he considered it one of the good proprietary medicines, and if it was helping me, to confine its use. In the spring of 1897 I had another actack and then took 20 bottles, which completely cured me, and I have not been troubled since.—(Lithographer with Cosack & Co.)

B. PRICE, M. D., HANOVER C. H., Va. In 1888 I was a great sufferer from Bright's Disease. In despair, I tried three proficient physicists, several alleged specifics and the celebrated waters, and still got no relief. I then used Warner's Safe Cure, and in a few months was entirely cured, never having had the slightest symptom of my old and fearful trouble. It is four years since I used Warner's Safe Cure, and I consider myselt perfectly cared.

MRS. C. A. FRY, - - WATHENA, KAN. In 1862 I was given up by my physicians to cie with Bright's Disease. It ad been sick for a year. I used Warner's Safe Cure and Warner's Safe Pills. The effect was like magic. My family and friends considered me as given back from the grave. Scores of my acquaintances can vouch for the truth of my miraculous recovery.

THOS. MORRE, - PHILADELPHIA, PA Mary Evans, aged 71, my grandmother, suf-fered for ten years with kidney dis-ase and irritation of the bladder. She could not walk straight nor could she sleep ten minutes at a time. Several dectors failed to give her re-lief. She took about six bottles of Warner's Safe Cure and several bottles of Warner's Safe Pills. She has been cured for four years.— [3738 Center st.]

I began four or five years ago to be very nervous and restless, unable to sleep. From the nervousness there came gradually a letting down of the entire system. I could not point to any specific disease, yet I was gradually going down bill, and the consciousness of this fact added to my nervousness. Doctors doing me no good, I began to use Warner's Safe Cure, and from that day to this (four years ago) I have never required the use of any medicine whatever, have been perfectly well ever since, and the effect of Warner's Safe Cure was decidedly permanent.—(MacNeale & Urban Safes.) In 1874 I was taken with an Abcess on the lower part of the abdomen. I had three M. D. a to wait on me, but with very little benefit. Two attacks between 74 and 80 siso prostrated me for weeks. In 1880 I had my third attack, in the early part of 80, and suffered—no tongue can tell how much I endured, and I finally despaired of ever recovering. In March, 1880, I began Warner's Safe Cure and Warner's Safe Pills. By Jaly I was fully well, and now at this date I feel no effect of the disease.—[Aged 71; Baptist.]

JOHN COLEMAN, NEW HAVEN, CONN. In 1878 began to run down until I had Bright's disease. The best physicians gave me up. I then began Warner's Safe Cure until myself and my family have taken about 200 bettles. For hearly a year I have not felt the need of any, and am able to attend to my business most of the time. I am now in my 51st year. I give Warner's Safe Cure the praise, and take every opportunity to tell the afflicted with Bright's Disease what Warner's Safe Cure has done for me.—[100 Gregory at.]
